Dear Bro. Taylor.

I am no

little embarrassed to find that there
has been a mistake &
that the French book -
above all - should be broken.

There must have been
a mistake somewhere on the
part of the Co's accounts
in handling the book.
To begin with I packed
the articles with my own
hands & I had plenty of
room. Afterwards, however, seeing
that Cumberland could not

go out to Worcester as he
intended - taking the things
with him & following out
his suggestion to pack them
carefully & send along to
you by rail - I procured
the assistance of an ^{English} packer
from Christ Pratt's - an
expert - in fact the present
form of upholstery & some
furniture in my town and
the goods were repacked
under my own supervision
and as before on to the
state. I am convinced that
the box sent has been
broken down as the articles
were one by one placed
in the ~~box~~ and with packing
around & about - as they
could & did not touch
each other. The packer
said at the time that

the things were bound to carry safely
& I thought so. It is no use repining
as nothing with you & I have done
caused the misfortune - I am in much
with the best of it. I am all the
more annoyed because the punch bowl
I have borrowed for the occasion - I know
the glass - both being in the same party &
I have for the last 2 years been trying to
effect a purchase. In your note you
say "why did I not have them to be
conveyed to you under the personal super-
-intendance of some one going out to Worcester?"
My reply is that I had already taken the

matter out of your own hands
by informing you that
friend Cumberland would
take the boat with him.

Cumberland being prevented
from doing this & having
received your instructions for
forwarding all later than

the 10th at the same time
knowing your anxiety to have
all sketches I provided them.

I have to collect the copies
as you say the goods are
insured & waiting the boat
if it is in the meantime.

Now I wish yourself until
the distribution is over as I
know you have plenty in
hand.

With kind regards
Believe me to be

Very truly

I have sent to Mr Taylor for exhibition at Worcester, 1 Warrant of Ford Lodge No 140. dated 1766. and 1 R.A. Certificate 1806. and also a Photograph of the former to be sent on to you with my compliments, after the Exhibition is over. I have pleasure in stating

that method of sending it to
you, as I do not know your
address, and send this to "The

positive discovery.

Dear Bro. Taylor

Thanks for the catalogue to hand this morning, and "in obedience to your commands" I now enclose Postal Order in payment for the same. It is most unfortunate that I am quite laid up, much worse than when I wrote you on Saturday. I think bronchitis as well as asthma & when this is the case it is not easy to bring me round. I was obliged to sit up in bed half the night, and moreover have a bad attack of diarrhoea. I suppose the sudden change of weather has affected me.

I suppose Bro. Hughan joins you

either today or tomorrow - I am
greatly disappointed that I cannot
meet you both - Please tell him
with most fraternal regards how I
envy you both - Say that I saw Geo
Radway yesterday for the first time
after his return home - He will not
be able to go to Worcester - I fear that
very few will go from Bath - so many
are away for summer holiday - as I
have found when I have endeavoured
to look them up -

I suppose you know that a portrait
of Dr Oliver was sent from No. 41 instead
of the magnificent one of the Duke of
Sussex which you have from another
quarter -

I hope that Mrs Whigham has progressed
so well that her husband leaves her
without anxiety -

I enclose Stamps value 2/6
in catalogue sent me.
And I am requested by
Mr. Collinson to say that
there is only one old silver
thumb rule Jewel entered
in the catalogue ~~and~~ that there
was also wrapped up with
it a circular Jewel with a

Altho I have received
a circular of programme
for Bro. G. Lodge meeting,
but I have not seen
one this kind. I suppose
it is "out of sight" with me.
I should like to have
been present at the
Voices & have seen
the exhibition, but
could not conveniently
leave home. So doubt
to have a great success.

Yours faithfully,

will not allow him to visit

him a catalogue in which
he encloses 12 Stamps
presuming this will be
