

Garfield Lodge

No. 889, F. & A. M.

New York, June 10, 1930.

DEAR BROTHER:

You and your Masonic friends are cordially invited to attend the next Stated Communication of Garfield Lodge, No. 889, F. & A. M., in the Veda Room, Mecca Temple, 130 West 56th Street, New York City.

Monday, June 16, 1930

AT EIGHT O'CLOCK

The work of the evening will be

The Degree of Fellowcraft

The Middle Chamber Lecture will be delivered by our
Senior Master of Ceremonies

BROTHER JACOB GILMAN

This being the last meeting before the discontinuance of the Lodge activities for the summer months, it would be fitting and proper to have a real good turn out. After the degree work, the remainder of the evening will be given over to the brethren at large as a sort of "BOAT VOYAGE," "GOD SPEED," "UNTIL WE MEET AGAIN" Get-together in the fall.

Cigars will be provided for your comfort and pleasure.

Sincerely and Fraternally yours,

Master

IRA BLOOM, *Senior Warden*

JOSEPH G. EICHENBAUM, *Junior Warden*

NATHAN LOEWENSTEIN, *Secretary*

153 East 34th Street.
Telephone: Caledonia 5480.

Reminiscing

In looking back over the past six months, several things stand out which should be considered seriously, especially with a view towards future betterment. Prominent among these to receive attention, are the matters of attendance, affairs, and dues.

Although we have been rather fortunate in having well filled lodge rooms for our meetings, we could still improve upon the same, considerably.

There are, of course, the usual "standbys" and what we term the "regulars" who attend at every meeting and to them, of course, we must bow in acknowledgment of their constancy.

It is important that we shouldn't be misled by large attendance at our meetings, into thinking that all or nearly all of those present, are members. This, of course, is not the case, as a good portion of those who attend are friends, visitors, Masters and delegations of other lodges.

Looking at it therefore, from the only view point possible, we must not fault with a good many brethren who are constant absentees.

This department is very happy to announce that our affairs, open meetings, trips and gatherings, wherein we are interested, and participate in, are usually well attended and those about the only times when we see faces among those present, which are usually not present at regular meetings.

The dues problem and it is a problem, is one which we hope we may be able to solve in the near future. The laxity in paying dues, causes the usual accumulation. And if accumulation is permitted, it becomes rather difficult to dispose of the matter in the ordinary way which could easily be done if dues were paid promptly at the beginning of each year.

Let us, therefore, look forward to the commencement of our Masonic work in the fall with anticipation and a firm resolve to attend all meetings and pay our dues and attend our affairs and I could keep this up for another column and a half, except for the fact that my space is limited and I realize that if an honest effort is made to heed the requests already asked for, that our work for the year will wind up in a blaze of glory.

STATION G. S.

BROADCASTING THE VACATION HOUR

My last effort at broadcasting with a view to a vacation got together, having been rather successful and having been encouraged to continue along the same line, I am on the air again, over the same wave length. Having extolled the beauties and wonders of vacation land, it now remains to sell the idea to the brethren and await their pleasure.

It is necessary to bear in mind, the impracticability of an extended trip, due to the particular circumstances that surround us. To expect a large group of people to be able to vacation together, at the same place or places, over a period of days or weeks in the summer time, knowing as we should know, that it is quite likely that most of us have already formulated plans covering our vacation periods, is hoping for the impossible.

But a single day's outing is, to use the vernacular, something else again. It will not, or need not, interfere with any plans already made and will merely add zest to our appetites for more of the same, or at least it should.

A trip by boat on the tranquil waters of the Hudson or along the sound, with our own lunch-baskets in tow, or with appetites growing sharper for that "shore dinner" or "clam bake" on the distant shore, waiting for us is a nice thought. We might even eat on board boat if we chose, but which ever we choose, our choice for a day's outing, together should be unanimous.

May I therefore suggest to you all, a vacation of one day's duration.

YOUR ANNOUNCER.

APPLICATIONS STILL ACCEPTED FOR CAMP SEVEN

The committee on Camp management, has decided to continue to accept applications for Camp Seven until the 20th day of June, 1930.

This is really a new lease on life for all those little girls whose applications for some reason or other, have not been forwarded, up to the present time.

The brethren should realize the importance of this wonderful work and should do all in their power to help along in any way that it is possible for them to do so, especially if they happen to know of any little girl, who unfortunately, is so situated that a vacation at Camp Seven would give her an opportunity to spend a few weeks in the country, breathing in clean pure air, playing on the grass and bathing in a beautiful lake. In addition, of course, to being fed regularly and with good food.

It lies within your power to make some little girl happy and to permit her to derive the benefits outlined above, that ordinarily she would not receive. To be able to do this should make us all very anxious to participate in this great work and to do our utmost in trying to make at least one little girl happy.

It is important to remember that a birth certificate and a shick test certificate must accompany the application.

May we therefore, urge you, if you know of any such kiddies, to please forward the applications for same to our Secretary immediately.
