

My dear Sir & Brother -

I remember I have read in the Freemason the speech made by Bro: Little, in Swinsey - I do not think much of it - It is as foolish as the speaker who said it - I am curious to hear your opinion on the merits of our Order after perusing it - Do you know of any London periodical who would insert a memoir of that sort? I do not - I think the best course to pursue, is to print it in a pamphlet of the same size like the book of my genealogy, so to be bound or issued together -

Believe me to remain with much regard & esteem

My dear Sir & Brother

Yours faithfully & sincerely
