

June the 26th 1860

Dear Brother Woolf,

I send you by this post a newspaper containing the account of our meeting during the last week. Our bells were the most brilliant which I recollect ever to have seen, and I wish that you and some of our Worcester friends had been there. Doubtless Bro. Capt. Peyton I do not know of any one else from your neighbourhood who can write us; though in the list of tickets issued I saw 2 for Bro. Maber of Worcester, but he was not here, as I must have seen him. Mr. Maber of Worcester enjoyed himself

with his wife & 2 sons, & did same & I with

June 27th. - The meeting of the Philanthropic
association makes us very busy; and
I am not certain of being able to get a

the account will be in the Fortnightly
Magazine. Yours respectfully R. J. King

immensely; as the D.P.G. W. I was
much in attendance upon them,
I on Sunday he had spent two hours
with me over my album. My
time was very much occupied for
some time previously as well with
business which was very good, as
with arrangements for the Bull &
Jute & comm. in relation. And I have
not yet brought up affairs, when the
meeting of the British Association
which commences tomorrow keeps me
still much occupied; for having been
on the acting local committee here
13 years ago, my experience is applied
to guide the new committee now.

I had the honor of receiving the Grand
Master & Lady Pittard with their wives,
Bro. Dundas, & the Mrs^{rs} Tind. Byng, at
my house during the two days they spent
in Oxford, and a very happy & long time
we had. - Are you a member of the British
Assocⁿ & may we expect to see you there? And do
you purpose to go to Exeter on the 17th June?
for the Archaeological Institute?

I am very sorry that you were unable to go
to Oxford to receive the honor of
office. Any opportunity in future is not
quite so good, as my great friend there is
later in the year. He died just before the
meeting. Much generally disingaged, & the
first annual G. Conclaves on the 2nd
Friday in May, as I hope to be able to have
you there. If you had been with us at any
meeting of the past year I especially at our
festival, you would have had office, which
