HIGHERCOMBE,

COVENTRY.

11 Oct 1915.

Dear Bro. Paggitt,

My answer to you whom I have known for so many years, is to enclose you as a perfectly free gift, the original charters & certificates which came into my possession through my late brother-in-law, John Fisher, of Cheltenham. He helped Mr. Workman financially on several occasions I have heard of so I presume this sealed packet was left as a sort of security at some time.

Not having any knowledge of any one in Worsham connected with the old Lodge, I considered I was justly entitled to demand such price as would buy a vote in perpetuity for my old mother lodge here, but your letter entirely altered such wish.

Trusting your present members

will take greater care of its documents,

Yours
Faithfully & Fraternaly yours,

Joseph H. Mills
