

Chapel Ash
Wolberhaunton 23rd Dec

Dear Sir

I am obliged by your
note concerning the enamelled
Jewel belonging to late Mr. Wolfe,
I was under the impression that
it belonged to the order of St. John
of Jerusalem sent through Mr
E. S. Saunders submitted it to
Sir E. A. Schumers Bart. who was of
opinion that it was a foreign
decoration most likely French and
in consequence of this opinion it
was returned to me, it has given
me pleasure to find out its proper
destination and I shall have

equal pleasure in giving it up
to you if you will kindly arrange
with Mr. Caldwell the disposal of
it, as you are doubtless aware the
Masonic jewels were left to him.

I have also found another narrative
and I believe I shall describe it
correctly by saying it is a double
headed Eagle with Crown above
and a broad pathway through
the clouds I will bring bottles
of them down on my first
visit to Worcester and call upon

You I am Dear Sir

Yours very truly

A. Richards
