re Picture.

I have had my copy (108-entire
proof) framed by Hartz, and is not
complete. It is far better local
framing because of embossing.

I believe the Earth issues
will be inferior to the earlier so
much that many will wish they
had the first impressions, also do not.

My advice would be for you as a whole
to have the 7.7.0, if I can't get it
for 5.50 (sub now as Hartz will
oblige me if possible)

you can return evidence to return at leisure.

Frank Hardy direct to your name or your address do

and have no. 3 frame, the
let for 10 Guineas. If not then
to tell Hardy you will only have
the 3 fr impression —

I find that any late impressions
will not be used for a copy
for reviews abroad, that I have
declined a copy to balance against
a debt I have incurred by a Bro
abroad; so I am now simply
awaiting your decision, and should
suggest the Pullman subj. I have it
done well, rather than have an
or an any frame.
