

Worcester. 16 Nov. 75,

Dear Brown, I have received
pamphlet. I don't know if it
is intended to be aggressive toward
the Province, or myself, either.
If so they will not take much
by it. I do not think my
disclosures as a Commissioner
would be agreeable or welcome.

I propose to write to Finkler
and call his attention to a
few of the circumstances and
ask him for a copy of the
protest I gave in writing when

1935/3.147

The draft Statutes were sent
to me. Whether it may
be worth while for me to
print all the facts remains
to be seen: Perhaps his
reply will determine what
course I may have to take.
I have sent pamphlet on to
press as requested.

Sincerely yours

Richd. Wood
