Dear Bro. Safford

I have received a request from the N. G. Miss asking us to ascertain what day would be convenient for him to hold a N. G. Miss at Worcester, and to arrange with Bishop the day and when that is done to the satisfaction of both Encampments to let him know the day fixed on which he will take. -

This looks like business somewhat but I have had some trouble to get it done. Just his use some day most suitable to you Worcester Mass (not being Tuesday) after the first week in July I will see that it will suit me if possible. -

On my way through Shrewsbury

on my way to Gladstone's Meeting on
Thursday I was very thankful to hear
that you were getting better & had
been to Stourport to try to raise
a Lewis named - Baldwin.

I should have liked to go too as that
is a place I used to know very
well and have not been in since
about 1840.

It was also satisfactory to hear
from the same source that the
family were also doing well.

Let me hear from you in a day
or two if I should not have time
to call on Monday if I am in
Worcester. I hope to be for an
hour.

Yours most faithfully
† H. Guff.
