

Leedsbury

June 6. 77

Dear Bro. Fiffiths.

I have had so much difficulty
to bring the P. G. Assoc up to the
point of having a meeting at all
that I am afraid if it is not
held now he is so wild as to
the striking place he will fly away
and be no more caught. -

The fact is he is getting to show
the old ~~man~~ in appearance and
habits and he is therefore desirous
of being let alone and going his own
way. If it is desirable to have a
P. G. Assoc at all I think the
only chance of getting it is to
strike while the iron is hot. If
I had not understood you all
wanted it I should not have
troubled about it. I have not
heard what Dudley thinks for

although I had a letter from Bristol
it was only a part of what he had
written or wanted to write and said
nothing on this question. He was
evidently interrupted in the middle of it
and says he had not finished it
before declining it. That being so
I will not trouble him until I
have seen you which I suppose I
shall do tomorrow week at Turbury
or on the way to or from it.
I am glad you are better & that
you have got rid of your belongings
for a bit and trust they too will
come home all right again.

Yours right faithfully

H. G. J.
