

Bull Hotel  
Scarborough  
13. Sept. 1877.

Dear Bro. Griffiths.

I thank you for your letter with  
Historic Telegram which has been  
forwarded to me here.

The letter is a regular knock down  
blow.

Somebody is becoming dooty I am  
afraid.

The 26<sup>th</sup> was the Prov. Prov. attestation  
fixture with the 12<sup>th</sup> which was  
afterwards found would not suit  
Dudley.

I should like to see the Sr. Amund for  
the 26<sup>th</sup> and then let the Prov.  
Prov. see when and as he  
pleases. Either in October or next  
January. I am sorry that you  
should have had so much  
trouble. I have written to the Registrar  
to issue summonses for the 26<sup>th</sup> at all  
events. All I can say is the fault  
is not mine and however foolish  
I may be made to look I cannot

hope it of whom people forget  
the can here. I shall receive  
if this is to be the sort of thing I am to be expected  
to. I assure you a my letter of this will be  
sufficient for me.

I have not had the letter you so kindly sent to me  
at Geneva but have not got it & this part  
I have not yet had particularly
