* Housemaster

Medical Officer: DR. J. C. CARRERAS, M.B., B.S.

Bursar, SENIOR AND JUNIOR SCHOOLS:
COLONEL W. D. SMITH, M.C., T.D.

GENERAL

The Senior School is a Headmasters' Conference School, admitting boys at the age of thirteen. It prepares them, in the first instance, for the General Certificate of Education "O" Level, the Certificate of Secondary Education or London Chamber of Commerce (Elementary) Examinations. When a boy reaches the age of sixteen, he either leaves or, on the recommendation of the Governing Body, he is retained for a further period, subject to satisfactory progress, conduct and influence. For such retained boys, the full range of arts and science courses in the Sixth Form are designed to lead to G.C.E. "A" Level, Services Entrance Examinations, and University Entrance.

The Junior School is a member of the Incorporated Association of Preparatory Schools, admitting boys at the age of nine. All boys proceed from it to the Senior School at thirteen plus. Those who are academically fitted take the Public Schools Common Entrance Examination in their last term at the School. Because the Schools cater for a very wide range of academic ability, teaching groups have to be kept small. The result is that boys receive much more personal attention than they would in classes of the normal size.

The uniform provided by the School consists of blazer and flannels for every-day wear and, for best, a suit.

The School Year consists of three terms of twelve weeks, four weeks holiday at Christmas, four weeks at Easter and eight weeks in the summer. Cost of travel between home and Bushey is met by the School.

Entry to the Schools is controlled by the Board of Management, Royal Masonic Institution for Boys, under the terms of a Royal Charter, and correspondence on this subject should be addressed to The Secretary, The Royal Masonic Institution for Boys, 26 Great Queen Street, London, W.C.2.

SITUATION AND BUILDINGS

The two Schools share an estate of approximately 150 acres which provide ample room for games. The boys live in Houses about 48-strong, each under a Housemaster, an Assistant Housemaster and a House Matron. The Houses include dormitories, day rooms and studies. Each School has a Dining Hall for central feeding. Each School has a sanatorium with two State Registered Nurses under the supervision of a School Medical Officer who visits daily.

A building programme has recently been completed costing nearly one million pounds, the major part of which is the provision of a completely new science block, workshop block and improvement of boys' accommodation at the Senior School. Certain minor improvements have also been made at the Junior School.

RELIGION

The Schools are non-denominational and special arrangements within the Schools' routine can be made for Roman Catholics and Jews if their parents

so desire. Each School has its own Church of England Chaplain who conducts services of a broad Church of England type and is responsible for the teaching of scripture. Boys can be prepared for Confirmation and a Confirmation Service is held in the Senior School Chapel annually.

GAMES
AND
SPORTS

At the Senior School the main games are Rugby Football, Hockey and Cricket; at the Junior School, Association Football is played instead of Rugby. The Schools enjoy a good record in matches with other schools. At the Junior School there is an open-air swimming bath and an indoor teaching pool, and boys learn to swim before they pass to the Senior School. At the Senior School there is an indoor heated bath in use all the year round. Each School has its own gymnasium and tennis courts. The Senior School has a very fine athletics track and sports arena and some Rugby Fives courts.

EXTRA
CURRICULAR
ACTIVITIES

Each School has its own Director of Music with assistants working under him. A boy may learn any recognised individual instrument and he may have the opportunity of corporate musical activities as well. The instruction given results in the Senior School in a symphony orchestra, a military band, a choral society and a Chapel choir. Each School produces its own play every year. At the Junior School there is a Cub Pack which boys may join. At the Senior School they join the School contingent of the Army Cadet Force which is the 1st Cadet Battalion of the London Rifle Brigade (The Rifle Brigade). The art rooms and workshops (wood, metal, pottery and printing) in each School are available to boys in their spare time for voluntary work. The Junior School has a Model Railway Club; both Schools have photographic and literary clubs. At the Senior School, selected boys are encouraged to undertake training in the Duke of Edinburgh Silver and Gold Awards which require attendance at a Spring Camp for the Silver Award and a December Camp for the Gold Award, in addition to the annual Cadet Camp.

LEAVING

During a boy's last year at School, he is advised in his choice of career by a special Careers Master. He will advise the boy of suitable openings and arrange interviews with prospective employers. When a boy leaves, he is enabled to purchase a full set of clothes. There is a strong Old Masonians' Association which every boy is encouraged to join. This meets at the School three times a year. If, at the age of twenty-one, an ex-pupil desires to become a Freemason, there are several Old Boys' Lodges in various parts of the country, one of which might be a suitable choice for him.

RECENT SUCCESSES

ACADEMIC YEAR 1967/1968

R. B. AKHURST (1964)	St. Peter's College, Oxford	B.A. (Mathematics)
R. BAYLEY (1965)	Keble College, Oxford	B.A. Honours (Theology) Class II
P. N. BOND (1964)	University of Newcastle-upon-Tyne	B.Sc. Honours (Mechanical Engineering) Class II Div. 2
J. T. DEWHURST (1963)		Pt. II Solicitors Qualifying Examination
F. C. DAWSON (1950)	University of Aston-in-Birmingham	B.Sc. (Civil Engineering)
R. H. DOEL (1964)	Royal Agricultural College, Cirencester	W.R.A.C. Class II (Diploma in Agricultural Science)
R. J. FAULKNER (1960)	College of Estate Management, W.8	Final Examination Chartered Auctioneers and Estate Agents Institute
S. R. FOX (1962)		Final Examination Institute of Chartered Accountants.
M. G. HEATON (1963)	University College Hospital Medical School	B.D.S.
R. I. HILLS (1965)	University of York	B.A. (Economic History and Politics) Class II
A. C. D. HINTON (1966)	Hendon College of Technology, N.W.4	O.N.D. (Electrical Engineering)
B. JONES (1964)	St. John's College, Oxford	B.A. Class II Final, Honours School of Literae Humaniores
R. O. JONES (1965)	University of Leeds	LL.B. Class II Div. 1 Awarded Margaret Simpson Harrison Prize for the best papers in Common Law.
B. S. C. LEADBEATER (1959)	Birbeck College, University of London	Ph.D. (Botany)
M. J. LEAKER (1964)	University College of Swansea	B.A. Honours (French) Class II
S. S. MCKAY (1962)		Final Examination Institute of Chartered Accountants
E. G. MEEK (1965)	University of Birmingham	B.Sc. (Physics) Class I
P. G. METCALFE (1964)	University of Aston-in-Birmingham	B.Sc. (Production Engineering) Class II Div. 2
M. J. MUNDY (1963)	Lanchester College of Technology	B.Sc. Honours (Applied Chemistry) Class III (C.N.A.A.)
R. J. PALMER (1962)	St. Mary's Hospital Medical School	M.B., B.S., M.R.C.S., L.R.C.P.
R. S. PICTON (1964)	King's College, London	B.Sc. General Honours (Mathematics and Astronomy) Class II Div. 1
J. M. RATCLIFFE (1964)	Culham College, Abingdon	Teachers Certificate, Physical Education and History
R. D. REECE (1962)	Royal Dental Hospital	B.D.S. Hons. Lond., L.D.S., R.C.S.Eng.
G. M. RHYDDERCH (1962)	Charling Cross Hospital Medical School	M.B., B.S., M.R.C.S., L.R.C.P.
N. A. ROWE (1962)	Kingston School of Architecture	D.Arch. (Kingston)
D. D. SCEATS (1964)	Christ's College, Cambridge	B.A. Theological Tripos Pt. Ia Class II Div. 1
M. J. SMITH (1965)	Imperial College of Science and Technology, London	B.Sc.(Eng.) Class II
T. N. TURNER (1965)	Imperial College of Science and Technology, London	B.Sc. Special Honours (Mathematics) Class III A.R.C.S.
L. J. WEST (1964)	North-west Polytechnic, London	B.A. Honours (German) Class II Div. 2
G. F. WILKS (1965)	Hatfield College of Technology	H.N.D. (Electrical Engineering)

ACADEMIC YEAR 1968/1969

The following boys gained places for October, 1968:—

C. M. ANDREWS	Keele University	Biology
R. M. ANDREWS	University College of N. Wales, Bangor	Marine Biology
D. J. BARTON	Cambridge University (Queen's College)	Natural Sciences (Chemical Engineering)
C. V. A. BOWEN	Edinburgh University	Medicine
P. D. CLAYTON	Leeds University	Mathematics
F. C. CLIFFORD	Bristol University	Medicine
A. J. COLLINGWOOD-WHITTICK	Exeter University	French
D. J. DOREY	West Ham C.A.T.	Zoology
J. A. DRUMMOND	Newcastle University	Geography
C. C. HAY	Reading University	Geography
R. E. HOFMAN	Bristol University	Sociology and Psychology
J. J. OLVER	St. Thomas's Hospital Medical School	Medicine
I. D. PARK	Sussex University	English, Philosophy and Psychology
M. J. PARRY	Chelsea C.A.T.	Zoology
K. R. PHILLIPS	University of Exeter	Psychology
R. H. ROBERTS	Leeds University	History
M. G. RUNGE	Hatfield C.A.T.	Computer Science
P. W. SAGE	Birmingham University	Chemistry
B. H. WALMSLEY	St. Andrew's University	Medicine
