Dear Mr Barlow

I received a letter from your office dated 8th April together with a wood block and a zinc block of your signature. We have already set the type for the title page giving your name as author. Your signature block has been substituted for type, and we enclose a specimen of the title page herewith. The whole of the work has now been set in type, and we are ready to submit proofs as soon as we get the additional copy referred to in your letter of 8th April. We also have to make a block of Mr Summers as soon as you send us the photograph, but the proof might be submitted without the latter to give you plenty of time to check it.

Kind Regards

Yours sincerely

Dear Mr Gifford

Many thanks for your letter of 11th April, and I return one copy of proof printing on cover of booklet.

Also enclosed as typewritten copy of the concluding matter. This has been delayed as the Rev. E. C. Howe had made numerous pen alterations to his original typing, and has had the re-types to run through again.

Bro. Lavers (not Summers) is hoping to return this week from recuperation on the south coast. He has been very ill (one of the penalties of old age). I am still trying to get a suitable photograph of him.

Yours sincerely
