

HILLSIDE,
BANCHORY, N. B.

Nov. 1,

Dear Bro. Smith.

I am afraid I
cannot possibly get down
to York on the 7th.

I hope to be able to be
there, however, on the 5th
Dec: for an ^R Ebor meeting.

Was I to there any chance
of the Hilda meeting again

on that day or the day
before?

Hope you are fit & well.

Yrs sincerely & fraternally

H. C. Bayleton.

Dear Bro Smith,

I am writing my
first letter to you, glad to
say I am improving and
gaining strength ~~daily~~
daily. If all goes well
I hope to be downstairs
in about a fortnight
in looking through my

big batch of letters which
have arrived during my
illness I have come across
the summons for the
Hilda Chapter meeting
on Nov 2nd & only wish
I could be with you,
but that of course is
impossible. I know that
you with the assistance
of other good brethren
will make all arrangements
and I shall quite agree
with what you do

I am enclosing cheque $\frac{15}{-}$ my
subscription to March, 1908.
Mrs Davy joins in sending
best wishes to Mrs Smith
and yourself and with
many thanks for your letters
and kind enquiries
believe me

Yours faithfully & fraternally

Walter Davy

Dear Bro. Smith

I forward you a
P.O. for 15/- my subscription
to the Hilda Chapter, as
I only know your address.
Will you kindly pass
it on to the Treasurer
& request a receipt.
I suppose York is much
the same. This is quite
an exciting part of the

of the world, in fact too exciting with
these bomb outrages. We, the English
inhabitants were warned last Sunday
that we should be blown up in
Church last Sunday: However we
are still alive. But I honestly
believe, unless the people at home
soon realize that Sir H. Cotton, Ken
Hardie & the like is a large amount

of harm by their speeches & travels,
that things in this part of the world
will assume much the same aspect
as the "37 days. However I suppose if
we got to be "bombed" out of this
world we must put up with it,
but its not a pleasant prospect
Yrs fraternally
