Dear Mr. Walker,

I hate to appear unco-operative. I became a member of the Thalia Lodge in 1941. I took my three degrees (the third giving alternate answers to Tommy Trinder!) I have not been since, realising that Masonry was not for me. My job in the theatre satisfies my ritual need to express myself, being a communicant of the Anglican Church satisfies the religious side. My charitable side I am able to fulfil by giving my services as a performer when I can. So I'm sure that not having attended a Masonic Lodge for 37 years will leave me out of your requirements. The other three? just write care of the B.B.C., Broadcasting House, London W1A 1AA.

Yours sincerely,

Cyril Fletcher
