God thou great & Grand
Creator of the U. G. - P.
Cause of all existence
at whose command the pillars
of the sky were raised and
its beauties were formed -
thy breath kindled the stars
adorned the moon with
silver rays and gave the
sun its radiant lustre
we are assembled in thy great
name to acknowledge thy power
thy wisdom and thy goodness and
to implore thy blessing
we pray thee O gracious God to
bless us in our undertakings
through life for this great end
endue us with a comfortable
thy most holy spirit that we may

be enabled to draw thee out
in all thy wonderful works
as far as it may be agreeable to
thy divine will that thy praises
may resound with the fervent
voice of thy creatures from
pole to pole and rebound from
the vaulted canopy of ^{the} heavens
through unnumbered nations
Grant this O God.
