The Samsung PS42A467 42" Plasma HD Ready Digital Television is crammed with enough cutting edge technology to guarantee lots of big screen thrills.

The 100Hz Smooth Motion Driver eliminates blurring from fast moving scenes. Its high 1500cd/m² brightness maintains clarity, and the 2000:1 contrast ratio adds every last detail. It sounds great too with SRS TruSurround. This virtual surround sound system replicates a 3D sound system and converts non-surround sound sources to stunning effect. This television is 'high definition ready' which means it has the ability to display high definition signals with the addition of a separate HD receiver. WORTH £500
