7<sup>th</sup> September 2002

Dear W. Bro. John

Please find enclosed a photocopy of the amended design for the proposed lodge banner.

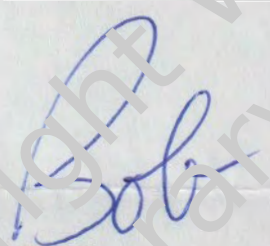

I have shown the latest design to the Provincial Grand Master who is happy with it and would be pleased to present it to the Grand Master for approval.

The final background will be a pale cream and not pale green as was originally intended because from a distance the blues would disappear into the green and not stand out. Also please note the dove is not carrying an olive branch because it is depicted flying away from and not returning to the ark.

Should you have any other suggested amendments perhaps you would kindly contact me within the next 7 to 10 days otherwise it is my intention to ask the PGM to submit this design for approval.

Thanking you in anticipation.

Yours sincerely and fraternally

Robert D. Rice  
Commander
