Dear Brethren

As the host of the Festival demonstration today the Midlands Rose Croix Chapter of Improvement offers you a warm welcome and is especially appreciative of the fact that so many of you have travelled from so far a field.

We are honoured by the presence of members of The Supreme Council and are extremely grateful for their support. That such busy Brethren have made time to attend this Festival is a tribute to their unflinching willingness to encourage and care for every aspect of the Order.

We also express our gratitude to the members of the King Edward VII Chapter of Improvement for their dedicated work in preparing the demonstration and the time, which they have freely given for our pleasure and education today.

Midlands Rose Croix Chapter of Improvement.

Our thanks go to all those who took out patronage.

Red & White Wine.

The notes by V.:Ill.:Bro.Ted Bentley 33^o in the Summons tell us just enough to create a sense of anticipation which leads the inquisitive mind to look forward to the ritual which we shall experience and which is sure to be a revelation to us.

The generous gesture of inviting representative Brethren of the 18^o from each of the three Districts which comprise the Midlands Rose Croix Chapter of Improvement will provide them with valuable experience in working ritual before a substantial number of Brethren but, above all, it will provide them with happy memories for a very long time to come.

We thank the Brethren of the Districts which comprise the Midlands Rose Croix Chapter of Improvement for turning out in such numbers to support this important event. We thank you for helping to make it the success it is by your very presence and in such numbers. Thank you every one of you.

A number of Brethren cannot be with us this evening but have contributed to the event by becoming Patrons, to them a special thank you.

OTHER BUSINESS, ALMS AND RISINGS

MWS: G Russell No. 937; understudy 'Emblems'
Prelate: David K Kingscott No. 979
Almoners: P F Mason No. 937 and R T Cottrell No. 979
